We are very lucky to live in such a beautiful community as Oasis at Palm Aire. We have wonderful neighbors who stop to chat with one another (6 ft. apart of course!) and who for the most part, keep their homes in “A1 condition” as stipulated by our HOA documents.

As our weather turns cooler, we have the opportunity to do more outdoor work around our homes. This is the perfect time of year to clean the roof and driveway, the façade of your home, your gardens, etc. Not only is this a good idea, it is something that is expected of all residents in the Oasis community. The board is currently putting together a list of possible contractors or you can use your own. If you have a contractor that you would like to add to the list, let a board member know that contractor’s info. This is what keeps our community beautiful and our property values high.

Earlier this year, the HOA board released a statement saying that fines would be suspended during this pandemic. That has not and will not change thru the end of 2020. However, our property manager will send monthly warning letters to non-compliant residents. After 2 warning letters are sent and non-compliance continues, fines will be levied.

We are all responsible for this community. Let’s all do our part to maintain it in the “A1 condition” we want to see.
